NOW...AT LOW COST...

HYDRAULIC FLUID

DISPENSER AND BLEEDER

EASY ONE-MAN OPERATION SAVES TIME AND MONEY!

ONLY THIS GREAT COMBINATION BLEEDER AND DISPENSER OFFERS ALL THESE BENEFITS . . .

- No Air Connections Needed
- Completely Portable
- Up to 15 lbs. Pressure
- Prevents Fluid Contamination
- Eliminates Aeration
- Only Sealed Pressure Bleeder Selling for Under $20.00 that is **approved** by leading **brake parts** and fluid manufacturers.

Yes, it's true . . . for only a fraction of the normal cost, you can now bleed **and** fill master cylinders in one fast operation . . . using one light-weight portable unit.

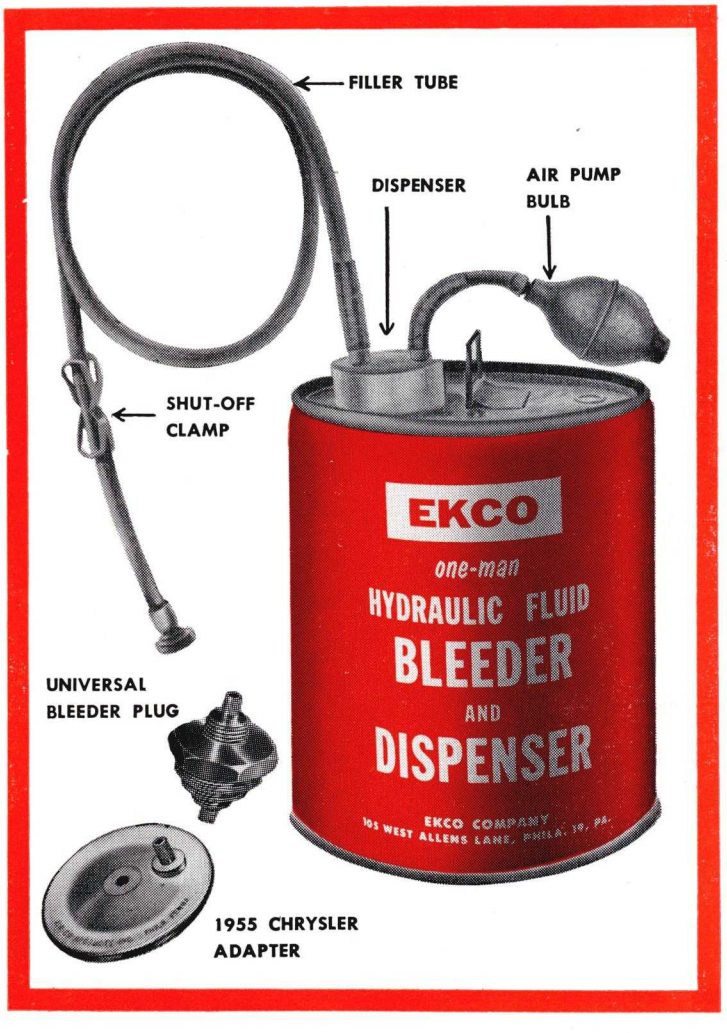
The all-new EKCO ONE-MAN HYDRAULIC FLUID DISPENSER AND BLEEDER can bring tremendous time savings to your shop. Its low cost and easy portability now make it practical to place a bleeder and dispenser at **each** mechanic's station, thereby eliminating costly waiting time where only one bleeder is available.

And service crews equipped with this handy unit can bleed and fill master cylinders on emergency jobs outside the shop.

GIVES SUPERIOR SERVICE

Use of manual pressure bulb prevents aeration (air bubbles).

Meeting all factory requirements for a **sealed pressure** pump bleeder and dispenser, this great combination unit quickly pays for itself in valuable time savings and on-the-job convenience.



ONLY $17.95 DEALER NET

Complete including dispenser, air pump bulb; gallon fluid can; universal adapter.

KANTSTRIP

BLEEDER PLUG

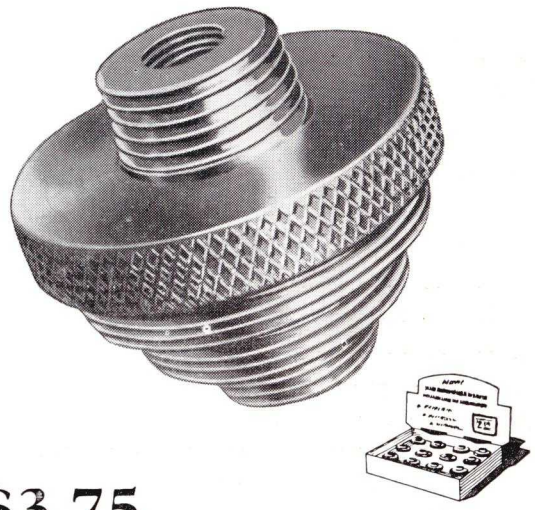
. . . *Fits All Bleeders*

SINGLE PLUG FITS ALL MODELS
(Except 1955-1956 Chrysler Cars).
FITS ANY BLEEDER.
SAVES TIME & MONEY!

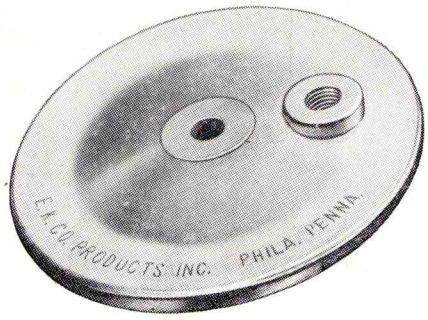
Now you can bleed brakes on nearly every make or model car on the road using one bleeder plug! Ingeniously designed to eliminate the necessity of stocking different sized plugs, the EKCO UNIVERSAL BLEEDER PLUG fits all master cylinders except those of the Chrysler line since 1955 . . . will quickly pay for itself in valuable time savings and convenience.

The Plug has four different master cylinder cap threads, any one of which can be used as required. Made of special aluminum alloy which makes it impossible to strip the master cylinder threads.

Fully Warranted



$3.75



$2.25

FOR THE 1955 CHRYSLER LINE
. . . THE EKCO PLUG ADAPTER

You can use your present brake fluid bleeding and dispensing equipment on the 1955-1956 Chrysler, Dodge, De Soto, and Plymouth with this new EKCO ADAPTER. Designed to speed and simplify your operation, it's low priced and practical.

Easy to use. Replace original master cylinder cap with EKCO ADAPTER. Attach bleeder hose and bleed brakes in usual manner. Male thread hose connection is the same as in the Universal Bleeder Plug.
